Brief portrait of your organisation/business (150 words max. please)	SN@P Assessment & Education is an online software service specialising in delivering anytime anywhere diagnostic assessment & education for numeracy tailored to the level and context of the user's chosen profession. At SN@P, we currently specialise in numeracy required to study and work as a Healthcare profession, from admission to Further/Higher

	<p>Education to recruitment within Healthcare provider organisations.</p> <p>Supported and recognised by Health Education England and the National Skills Academy for Health, SN@P Assessment offers aspiring professionals the opportunity to certify their confidence and competence within the aspects of numeracy they will require should they pursue a career as a Health professional. To complement their learning and to provide the full package from a single point of access, SN@P Education supports skill building and development through the use of specialised numerical programmes and subject matter e-tutoring.</p> <p>Numerical fears are often a deterrent for young people considering pursuing a professional career within an industry such as Health. At SN@P, we recognise these barriers and work with each registered learner to ensure they meet the requirements of their chosen field, not just at the point of University interview, but throughout their learning journey and into their career.</p>
